NO. 36

## THE WOMAN IN THE CASE

### Willie Whittle Identifies Positively His Kidnapper.

### There is a Mystery Surrounding the Woman that the Public Are Curious to Have Lined.

Cleveland, O., March 24.—Mr. and Mrs. Whittle, the father and mother of Willie, arrived with him here today, and in police court Willie was given opportunity in open court of identifying his kidnappers, and he did so promptly.

The man was the first one taken before them. Boyle was a little pale and nervous. Chief Kohler asked Willie if he had ever seen the man before.

"Sure," said Willie, brightly. "Why, that is the man I left Sharon with. He took me to Cleveland, then to Ashland and back to Cleveland."

The boy was asked the same question again to make certain of his memory, and again the lad declared he was positive.

"He had a moustache when I first saw him at the school house," Willie supplemented, "but he must have cut it off later. This is the way he looked when I last saw him in Cleveland."

Boyle smiled sarcastically, but said nothing. Then the woman was brought in. She was defiant and haughty in her demeanor. Blantly she stared at Whittle and the other members of the party. Her only relapse from the indignant manner was when she first saw Willie. The woman smiled.

Immediately Willie walked up to her and extending his hand said, "How do you do?"

"Hello, Willie," the woman replied, as she placed her hand upon his head and caressed him for an instant.

The boy then stepped back to his father's side and was asked several questions by the chief of police.

"Yes, I know her," he said. "She was the nurse who took care of me in Cleveland. She told me I was sick and in a hospital. I saw her a whole lot and she was with me most of the time."

Notwithstanding the woman's former assertion that there would be a sensation when she was identified or when Whittle saw her, she and Whittle looked at each other without outward evidence of recognition. They did not speak with any of the other members of the party.

Whittle would make no comment regarding the woman under suspicion. The movements of the Whittle party were greatly hampered. Thousands of persons followed their every move.

Mrs. Maud Forker, who is the wife of Harry Forker, brother of Mrs. Whittle, was seen at her home in Norfolk, O., today. When she was given a description of the woman under arrest here, she exclaimed: "That woman again."

She then broke down and wept bitterly. Mrs. Forker would say nothing more nor explain her remark.

## GOES THE SUICIDE ROUTE.

### "What Fools These Mortals Be!"

### "What Doth It Profit a Man?" Etc.

Harrisburg, Pa., March 24.—Trapped by the police, F. H. Richardson, of Elmira, N. Y., formerly president of the Richardson Shoe Company, wanted for embezzlement of \$300,000, committed suicide at the Hotel Lynch today.

Mr. Richardson was president of the Richardson Shoe Company, which in 1907 was declared insolvent. At that time it was discovered that beside money in this concern the president had a credit of \$250,000 on false statements in Pennsylvania banks. Eight warrants were sworn out for his arrest. A telephone call from Elmira this morning warned Chief of Police George that the man was in this city. The chief traced his man to the hotel.

Mr. Richardson was in his room at the time the chief went to the room. The door was thrust open at his knock and the man's head appeared for an instant. Then, before the chief had a chance to make a move, the fugitive observed him, slammed the door and bolted it. An instant later the pistol shot rang out. The door was broken open and Richardson was found lying on the floor with his head on the bed. A stream of blood was pouring from his forehead.

If you buy \$5.00 worth at Andrews & Waddell Furniture Co., you get a handsome lithographed water "free."

## MEET AT MOREHEAD.

### After Six Years the North Carolina Teachers Will Hold Their Annual Convention at This Popular Resort.

The North Carolina Teachers' Assembly will hold its twenty-sixth annual session at Morehead City, June 15-18, 1909. Secretary R. D. W. Connor announces that the program is nearly completed. It will be devoted to a discussion of practical problems with which teachers are daily confronted in their work, and will include many of the most prominent educators and teachers in North Carolina and other states.

Among those who will appear on the program are Hon. W. W. Kitchin, Governor of North Carolina; Hon. J. D. Eggleston, State Superintendent of Virginia; Mrs. Ellen R. Richards, of the Massachusetts Institute of Technology, and president of the National Home Economic Association; Dr. D. H. Hill, president of the North Carolina A. & M. College; E. K. Graham, of the chair of English literature of the University of North Carolina; Mrs. Marianna Cobb Garreissen, of the city schools of Goldsboro; Dr. Henry Louis Smith, president of Davidson College; M. C. S. Noble, professor of pedagogy in the University of North Carolina; President J. J. Foust, of the State Normal College; E. C. Brooks, of Trinity College; Prof. J. H. Highsmith, of Wake Forest College, and others.

The Woman's Association for the Betterment of Public School Houses and Grounds in North Carolina will hold its regular session at the same time and place with the Teachers' Assembly.

The officers of the Assembly are as follows: President, Supt. Thomas R. Foust, of Guilford county; vice-president, Dr. D. H. Hill, president of the A. & M. College, secretary, R. D. W. Connor, secretary of the North Carolina Historical Commission.

The officers of the Woman's Betterment Association are: Mrs. W. R. Hollowell, of Goldsboro, president; Mrs. Charles I. Stevens, of New Bern, vice-president; Mrs. E. E. Moffitt, of Raleigh, treasurer; Miss Mary K. Applewhite, of the Baptist University for Women, Raleigh, recording secretary, and Mrs. Charles D. McIver, of Greensboro, field secretary.

It has been six years since the Teachers' Assembly met at Morehead City, and the teachers of the State are looking forward with great pleasure to the return to their old camping ground.

## SNOW HILL ITEMS.

The school near Howell's Swamp Church in Speights Bridge township, which has been under the charge of Miss Louise Outlaw, of Goldsboro, this winter, closed Friday night with a well attended concert given by the school. It was pronounced by those present to be a splendid success. The sum of \$9 was secured for the school.

Mrs. Elizabeth P. W. Hargrave died at the home of her son, Mr. S. L. Hargrave, Tuesday morning. Mrs. Hargrave, who was in the 79th year of her age, while not strong, was able to attend to the duties to which she had given her life up to the night prior to her death. She was not thought to be seriously ill until discovered Tuesday morning to be in a dying condition.

She is survived by three daughters and three sons, Miss Lizzie Hargrave, of Durham; Mrs. F. P. Wyche, of Charlotte; Mrs. Hugh F. Murray, of Wilson; Mr. W. W. Hargrave, of Nashville, Tenn.; Prof. L. L. Hargrave, of Durham, and Mr. S. L. Hargrave, of our town.

It will be good news to a large number of our readers to learn that at a recent meeting of the board of trustees of Hookerton Collegiate Institute Mr. R. J. Matlock was elected principal and Miss Eunice Jones assistant for next year. Mr. Matlock has been at the head of the school for several terms. Miss Jones came to the school last fall and is deservedly popular with the children and parents of that splendid community. Miss Daley, the music teacher, declined re-election, as she wishes to rest for a while. The trustees and community are to be congratulated upon the fact that Mr. Matlock and Miss Jones are to remain. No better school in this section than Hookerton now has.

## Fighting Flies.

"Now is the time to begin fighting the filthy housefly," said a man who takes much interest in hygiene today. "I notice that already these pests are making themselves common nuisances and bearers of disease about markets and cheap lunch places. It should be driven into the brain of those who keep horses that the droppings heaped and allowed to ferment and heat are the hatching places of these purveyors of typhoid germs. Every pile of manure should be either thickly covered with lime or closely covered until removed. It is in such masses of filth that the housefly deposits its eggs, which are incubated to the hatching out of thousands of the pests of houses and the bearers of disease upon their feet."

## PROGRAM FOR ODD FELLOWS' DISTRICT MEETING, APRIL 8

### The Members of the Fourth District Will Meet in Tarboro Next Month.

As announced in *The Argus* several days ago, the District Meeting of Odd Fellows will be held in Tarboro Thursday, April 8.

The Tarboro program committee, Frank Hart, Dr. J. D. Jenkins and W. T. Deans, have prepared the following program for that occasion:

Convention called to order at 3 p. m. by President Plato Collins. Address of welcome, W. A. Hart. Response, Plato Collins. Roll call and reports from Lodges of Fourth District. Adjournment.

### Evening Session.

Convention called to order at 7:30. "How to Secure Members," E. M. Davis, Goldsboro, N. C. "The New Ritual," B. H. Woodell, Grand Secretary.

"How to Prevent Suspension for Non-Payment of Dues," W. T. Braswell, Whitakers, N. C.

"Discipline of the Order," Col. A. C. Davis, Goldsboro, N. C. "Our Home," J. F. Brinson, Superintendent, Goldsboro, N. C.

"What Constitutes a Good Odd Fellow," Henry E. Biggs, Raleigh, N. C. "Does It Pay to be an Odd Fellow," W. F. Evans, Greenville, N. C. Selection of time and place for next convention.

## CONGRESS OF ROAD BUILDERS.

### Governor Appoints Delegates to the First Held in America.

Governor Kitchin yesterday appointed six delegates to the First American Congress of Road Builders, to be held in Seattle, Wash., July 4 to 8. The appointments were made upon the invitation of the Governor of Washington and the president of the Washington Good Roads Association.

The delegates appointed by Governor Kitchin are as follows: Dr. Joseph Hyde Pratt, State Geologist; S. B. Alexander, of Charlotte; M. H. White, of Perquimans county; F. P. Alspaugh, of Winston-Salem; A. H. Boyden, of Salisbury, and R. T. Poole, of Montgomery county.

## Power of a Drop of Water.

### Tid Bits.

One of the Chinese modes of punishment is to place the culprit where a drop of water will fall on his head for hours, or even for days, if he can stand it so long. The torture thus inflicts is proved by an experience that Col. Fred Burnaby had in Vienna several years ago. A school teacher bet him that he would not be able to let a pint of water, drop by drop, fall on his hand. Burnaby laughed at the very idea of his not being able to stand it and the test began.

Although the strong man talked and joked gaily at first, it was not long before he began to show signs of distress. At about the two hundredth drop for the school teacher kept tally—an expression of pain crossed his face.

When the third hundred had been entered his hand began to swell and grow red. Then the skin burst and the pain grew more and more excruciating. Finally, at the four hundred and twentieth drop Burnaby gave it up and acknowledged himself beaten.

## SENTIMENT SEEMS TO BE AGAINST INHERITANCE TAX

### Motion Will Be Made to Strike Out Retaliatory Provision of the Coffee Schedule.

Washington, D. C., March 25.—Sentiment against the inheritance tax and the proposed imposition of a tax on coffee is rapidly growing in the House, and is due to the large number of petitions and memorials that are daily pouring in on members from every section of the United States.

That these petitions are having their effect is shown in the reports that President Taft has reached the conclusion that an income tax law can be so drafted as to meet constitutional objections, and that an income tax provision will probably be offered as a substitute for the inheritance tax clause of the Payne bill.

The coffee tax provision of this bill is fast losing favor, as no assurance can be given that Brazil and other countries that impose an export tax on coffee coming to the United States will repeal that tax if a like tax is imposed by this country, and it is this doubt that is causing all the trouble. When the consideration of the coffee schedule is reached a motion will be made to strike out the retaliatory provision, and the indications are that it will carry.

Special sales on Lace Curtains, Window Shades and Hall Curtains at Andrews & Waddell Furniture Co.

"The South in the Senate" seems to be a thing of the past.

## NOW IS THE ACCEPTED TIME

### Rural Districts Desiring Larger and Better Schools Should Act Quickly

### Superintendent Joyner Issues Circular Letter That Should Receive Due Consideration and Prompt Action.

Superintendent of Public Instruction J. Y. Joyner is sending out the following letter in hopes of having as many local tax elections as possible carried before the first Monday in June, when the tax levies for the year are made by the county commissioners of the respective counties of the State.

To the County Superintendent: It is the desire of the Educational Campaign Committee to do as much systematic, effective work for local taxation as possible between now and the first Monday in June, when the tax levies for the year are made by the county commissioners of the respective counties of the State.

In order that we may accomplish the most possible within the next sixty-five or seventy days, it will be of great value to us if you will give us the following information relative to the work in your county:

First. How many districts have you in which there is a probability of carrying local tax this spring?

Second. About what dates would it be best to have public meetings in these districts in the interest of the local tax?

Third. Name some two or three men, who, in your opinion, could do the cause the most good among your people.

We wish to call your attention to the fact that, if the election is not called in time to have levy made the first Monday in June of this year, the tax cannot be levied until the first Monday in June, 1910.

Remember that thirty days' public notice is required before an election can be held. The regular meetings of the county board of commissioners at which elections can be ordered in time for special tax to be levied this year are April 5 and May 3.

If an election is ordered later than May 3 the tax levy cannot be made until June, 1910, unless a called meeting of the county board of commissioners is held so as to give thirty days' public notice before June 7, which is the date the special tax levies for the fiscal year will be made.

We send you some blank petitions for elections and some blank returns under Section 4114 of the Public School Law, and will gladly furnish any additional number desired.

Very truly yours,

J. Y. JOYNER,

Supt. of Public Instruction.

C. H. MEBANE,

Sec. Campaign Committee.

## SICK HEADACHE.

### Stomach, Heartburn, Canker Sore Mouth Cured by MI-O-NA.

Sick headaches are caused by indigestion and a general disturbed condition of the stomach.

Cure the indigestion, and the headache, nausea, heartburn, sour stomach, and that "all in" feeling will vanish.

MI-O-NA tablets will cure indigestion or any other stomach trouble. They will relieve almost instantly. J. H. Hill & Son have so much faith in them that they will give you your money back if they don't.

MI-O-NA cures by making the stomach strong enough to produce enough gastric juices to digest all the food you want to eat. It promptly puts new life and energy into the overworked and played-out walls of the stomach.

Use MI-O-NA for a week, and you can eat what you want any time you want it, and take pleasure in doing it.

Your blood will be richer, redder, purer after taking MI-O-NA, and it only costs 50 cents a large box.

"I was speedily cured of stomach complaint by MI-O-NA. Anything I can say in favor of MI-O-NA is not too strong."—William Hess, Benton Harbor, Mich.

## Storm at Miller's.

The severe windstorm that prevailed in this city between midnight and day this morning, but without serious damage hereabouts, but the telephone and telegraph lines out of commission at Miller's Crossing, about three miles from this city on the Norfolk and Southern and unroofed a freight car on the siding.

For once in his life Mr. Roosevelt is all at sea today.

## NEWS IN GENERAL.

### Carefully Gleaned and Boiled Down For Busy Readers.

Wilmington, N. C., March 24.—Semi-official returns from all wards in the city give Capt. Walter G. MacRae a majority of 166 over Martin O'Brien, for mayor. The ticket for aldermen will be divided. The election was quiet and a very heavy vote was polled.

Topeka, Kan., March 24.—The Rock Island Railroad reports that a tornado struck Brewster, Kan., during last night. The wires are down and details are not available. Brewster is a village in Thomas county near the Colorado State line.

Washington, D. C., March 24.—President Taft is going to Charlotte May 20 to attend the celebration in honor of the signing of the Mecklenburg Declaration of Independence. An invitation to be the guest of the city was extended today by a large delegation from Charlotte, which was made very happy by reason of the President's prompt reply. Mr. Taft did not hesitate long about making up his mind.

Savannah, Ga., March 24.—Herman Myers, president of the National Bank of Savannah, and five times mayor of Savannah, died tonight in his apartments at the De Soto Hotel of an illness that became acute during January. He was born in Bavaria in 1847, but came to America when a child. He first resided in Lynchburg, Va. He recently toured Europe in search of health. He was at the head of or connected with many important businesses.

Washington, D. C., March 24.—Undismayed by failure after failure every year since the reconstruction days, Southern representatives are introducing in the House scores of bills for the refunding to the Southern states of the cotton tax, collected by the Federal government toward the close of the Civil War and during the reconstruction days. The amount claimed runs up to millions of dollars, but the government has never been induced to pay any portion of the sum to the various states which claim it.

Chicago, March 24.—A blizzard of sleet and snow isolated Denver, Col., from outside communication today. The storm rose at 3 a. m. and within a short time wires were down in every direction. The telegraph companies were able to reach Pueblo and Colorado Springs, but not the State metropolises. Trains were reported delayed, but not stalled by the storm. Of twelve wires which the Chicago, Burlington and Quincy Railroad has into Denver only one stood the test, working only intermittently.

## ROOSEVELT IN AFRICA.

### His Experiences and Doings Will Be Told of in the Argus From Week to Week by Himself.

The ex-President has left these shores and a German ship is steaming along, carrying him and his well-adapted equipment to Naples, where he will be due April 4. On the following day he is scheduled to embark on the steamship Admiral, which will land him in the course of 16 days at Kilindini harbor, Mombasa, in British East Africa. The Uganda Railroad will then carry him and his camping outfit to Nairobi, and from that point he will plunge into the jungle to associate with lions, elephants and possibly with crocodiles when he takes a bath.

Professor Starr, of the University of Chicago, continues to insist that Mr. Roosevelt will fall a victim to the strange, unidentified fevers of the jungle. He says his quick temper and his age will pull against him. All feel sure he can defend himself against the beasts of the jungle, and the fevers of that locality ought not to be fatal to a man who is but 50 years old and extremely vigorous at that. Professor Starr has nothing to go on unless it be the ex-President's outbreaks of temper, and when he is far away from the politicians and Congressmen and newspapers of this country he may be able to curb his temper. He, no doubt, took Professor Starr's theory along with him.

In the meantime, *The Argus* will give its readers regularly and officially every interesting detail of the trip. Now is, therefore, the time to subscribe.

The severe windstorm that prevailed in this city between midnight and day this morning, but without serious damage hereabouts, but the telephone and telegraph lines out of commission at Miller's Crossing, about three miles from this city on the Norfolk and Southern and unroofed a freight car on the siding.

For once in his life Mr. Roosevelt is all at sea today.

## EAST GOLDSBORO DAY.

### Sale of Lots at Auction Brisk in Spite of Weather.

That East Goldsboro real estate is esteemed as a safe investment was cheerily manifest Thursday at the auction sale of lots in that beautiful and healthy locality, that is soon to be brought in speedy touch with our city proper, through the electric street car line, that already penetrates it and will soon be giving it convenient and rapid transportation service that annihilates distance and makes suburban homes so desirable contiguous to such a progressive city as Goldsboro.

Notwithstanding the very inclement weather of the morning hours and the high wind that has prevailed this afternoon, the sale has been largely attended, and is still going on with vigor as we go to press.

The Goldsboro cornet band, that is a credit to our city since its reorganization, is rendering most delightful music and winning the admiration and plaudits of all the people in attendance at this sale.

## NEIL EMERSON DYING.

### Son of Coast Line President in Ex-tremis in Mexico.

Wilmington, N. C., March 25.—A telegram received by relatives yesterday afternoon brought the distressing intelligence to a host of friends in this city that Mr. Neil D. Emerson, a son of President T. M. Emerson, of the Coast Line, is in extremis at Alamosa, New Mexico, where he has been for some time for his health, and that the worst is expected almost at any moment. Members of the family in this city were summoned by telegram Monday evening and have gone to be with the patient. Mrs. Emerson, nee Miss Lillian Slocumb, of Fayetteville, has been with her husband since he went to Mexico with the hope that the change would improve his health.

## CALL FOR CITY PRIMARIES.

At a meeting of the Democratic executive committee of the city of Goldsboro, held on March 19, an all-day primary is hereby called for the nomination of a mayor and two members of the board of public works, on Wednesday, April 14. The polls are to be open at sunrise and close at sunset.

The primary shall be held in each ward under the direction of a poll holder, assisted by a representative of each of the candidates, who shall count the ballots and certify the returns to the executive committee, who shall announce the results. Should neither of the candidates secure a majority of the votes cast, a second primary shall be held on April 19 under the same rules as governed the first primary.

The voting places at this primary will be as follows: First ward, Scott's Stables; Second ward, Court House; Third ward, Arlington Hotel; Fourth ward, Creech's store. The primary for the nomination of aldermen is hereby called for Monday, April 26 at 8 o'clock p. m., at the following places: First ward at the City Hall; Second ward, Court House; Third ward, Opera House; Fourth ward, Creech's store.

Only those who voted the Democratic state and county ticket at the last election, and who will be duly qualified voters at the next city election, shall be allowed to vote in these primaries.

W. T. HOLLOWELL,  
GEO. C. KORNEGAY,  
GEO. C. ROYALL,  
W. D. CREECH,  
City Executive Committee.

## INJUNCTION LISTED.

### Southern Railway Will Now Complete Its Approach to New Union Station.

The case of W. H. Griffin vs. the Southern Railway enjoining that company from using the right of way granted them by the city along Beech street from their yard at the north end of the city to the city limit, there to join their new track into the union passenger station, has been decided by the Supreme Court, where it was argued on appeal some weeks ago, and the opinion handed down Wednesday afternoon.

The Supreme Court reverses the decision of the lower court, that sustaining the injunction, and on which the Southern appealed to the Supreme Court.

The injunction being now dissolved the Southern can complete its connection with its service track into the new union station, and this being the case there is every reason to expect that the station will be thrown open to the public within the next few days and all passenger trains turned that way accordingly.

LOST—A note for \$66.67, due Jan. 1, 1909, given to G. W. Lane by J. A. Lane, J. H. West and C. D. West. Anyone finding note will please return to J. A. Lane, Faro, N. C.

## WE GO FORWARD.

### Contract for Paving West End of Walnut Street Executed Today—Work to Be Begun at Once.

Mr. H. Ellis, Jr., vice-president and general manager of the Atlantic Bitulithic Company, of Richmond was here Thursday for the purpose of formally executing the contract between his company and the city for the paving of the west end of Walnut street from the Bank of Wayne corner to the new union passenger station with bitulithic.

After signing the contract in triplicate, Mr. Ellis stated that his company would lose no time in getting the work started and completed, and that the city will be benefited by this paving more than any citizen can at this time realize, for not only an object lesson in paving will it be of inestimable value, but by putting this section of street in order just where everybody will see it and at a time when the attention of the entire public—local as well as traveling—will be especially focused on the new depot and its approach it will set everybody to talking Goldsboro's beautiful new depot and superbly paved streets.

The grading of the street will begin next Monday, and the paving will follow close behind it.

## Raleigh Schools Will Open Monday.

The public schools of Raleigh township are to reopen on Monday morning at 9 o'clock. The order for the schools to reopen was made yesterday by the board of trustees of the public schools of Raleigh township in conformity with their promise to do so if a majority of the voters taking part in the recent school election so requested. The petition for this was very beyond a majority and hence the order for the reopening of the schools.

## LIST OF UNCLAIMED LETTERS

Remaining in the Postoffice, Goldsboro, Wayne County, N. C. March 22, 1909.

Men's List.
